

Richard Zhang

Mobile Device Supply Chain Leader

Richard was appointed the leader of Mobile Device Supply Chain in 2022. In this role, he is responsible for our Mobile Business Group's end-to-end global supply chain management, leading the team to build agile supply chain operations and achieve best-in-class quality, budget efficiencies, and customer satisfaction.

Throughout his 23-year career at Lenovo, Richard has held various leadership roles and accumulated experience in E2E supply chain management across Desktop, Notebook, ThinkPad, Tablet and Mobile devices. Prior to his current role, Richard mainly served as the leader of Android, Chrome and Cloud supply chain and successfully led the team to build supply chain SIoT capabilities and supply chain resilience under the challenges of the pandemic lockdown and industry shortages. He has leveraged his leadership and business expertise to drive supply chain digital transformation and operational excellence. Richard holds a bachelor's degree in Electrical Engineering from Tsinghua University. He is based in Beijing.
